## Brian Russell

Hello Athena families!

We have added a performance date for Athena.

Tuesday, April 9, 2024

8:30am-3:00pm (in-school field trip)

FUMC Murfreesboro

Performing/Recording *Voices from the Light*

This date will be a part of the culmination of our year-long project to perform and record Dorothy Rudd Moore's lost masterpiece, *Voices from the Light*. On this date we will videorecord the piece, which will be placed on YouTube as the definitive recording of this piece we hope to bring to life for the choral community.

This performance/recording opportunity will 100% take place during the school day, so you will not have to worry about taking off work or other after-school responsibilities. This will be counted as a field trip so students won't be counted absent. We'll provide bus transportation to and from FUMC Murfreesboro, where the recording will take place.

We wanted to let Athena families know about this event as soon as it was made official (this morning). Please place it in your calendars and avoid scheduling other events on that day and time. If you already have something scheduled at that time that can be rescheduled (doctors visits, etc), please go ahead and reschedule so you can attend this Athena event. If you already have an existing, immovable conflict already (family trip that has already been scheduled, etc), please let us know by Wednesday, October 17, 2023. If we do not hear from you by that date, we'll assume you have placed this date on your schedule and that, barring illness or another school-related commitment that might come up, you are prepared to be with us for the duration of that school day.
